Purpose

To assist the Meet Director(s) in complying with all, or any part of the British Columbia Powerlifting Association, Canadian Powerlifting Union and/or International Powerlifting Federation's rules, regulations, constitutions and by-laws.

To ensure that consistency and proper standards will be adhered to, so our lifters know what to expect at each and every competition and allow concentration on his/her performance.

Any individual(s) or BCPA registered Club may hold a competition. This in-depth guide will help the Meet Director prepare for their competition from start to finish.

Expectations

What is expected from the Meet Director(s)

You, as the Meet Director(s) will run the competition from the beginning to the end. The checklist provided in this guide will help you stay within the timelines so that you are properly prepared leading up to the day of the competition.

What to expect from the BCPA

The BCPA will provide support in ensuring that your competition will be successful and within BCPA standards. The BCPA Executive will provide you with assistance in the preparation of the competition and oversee during the competition. You will be assigned a liaison with whom you will be able to direct your questions to.

The BCPA will provide most of the necessary equipment for a competition. You will be able to rent from the BCPA or a rental company any equipment over and above what is provided by the BCPA.

In addition to the equipment the BCPA will provide referees and certified scorekeepers for your competition.

Before Submitting a Sanctioning Form

You must apply for sanctioning for a competition within BCPA. Before you consider submitting a Competition Sanctioning Form keep these things in mind:

1. **Venue.** Do you know where you will be holding your competition? Does the facility have enough space to set up the competition platform, at least 2 warm up platforms and have enough space for spectators? Does the facility have enough washrooms? Will it be easy to load and unload the equipment? Does the facility have a secure room available for use by Canadian Centre for Ethics anti-doping officials? Does the facility require a certificate of insurance from the BCPA or require additional insurance? You must have a venue secured before you submit a sanctioning form. For more details on venue requirements see page 7.
2. **Date of competition.** Do you have an idea of when you want to hold your competition? Does it conflict with any other competitions set out in the BCPA calendar? <http://bc-powerlifting.com/calendar/> It is not in the sport's or your best interest to conflict on dates as this could result in a shortage of lifters, volunteers and spectators.
3. **Type of Competition.** Determine what type of competition you wish to hold, e.g. Powerlifting only, Bench Press only, Special Olympics only or a combination of these. Any special entries or type of competition, must be included in the Competition Sanctioning Form to receive approval. All competitors must have a valid IPF membership. There will be no restrictions to the number of Special Olympic athlete entries.
4. **Type of Awards.** It will be at your discretion as to the type of, or design of the overall awards and medallions. Overall awards will be given to each age category, as long as there are a minimum of 5 lifters per age category. Age categories may be combined for an overall award if they fall within the same sub-groups, for example combining Sub-Juniors with Juniors or combining all Masters age categories, for the purposes of reaching the 5 lifter minimum for an overall award. Placement for overall awards is ranked by IPF Formula. Any other awards must receive prior approval from the BCPA Executive Board. Medallions will be given to each 1st, 2nd and/or 3rd place holder for each weight and age class. It is recommended that you order a few extra medals to compensate for lifters that do not make weight and have to lift in a different weight class. All designs for the overall awards and medals must be done in a tasteful fashion and will not include any expletives or crude designs.
5. **Volunteers.** Please ensure that you will have enough volunteer support before submitting a competition sanctioning form. If you do not have the volunteer support to run a competition and additional workload is placed on the BCPA executive, you will be at risk of forfeiting your pro-forma bond. Please see the volunteer requirements on page 17.
6. **Competition Fees.** You will be required to pay to the BCPA the following contest fees:
 - Pro-Forma Bond. This amount will be set out in the Competition Sanctioning Form. The Pro-Form Bond will be required at the time of submitting the Competition Sanctioning Form. Once your competition has been approved, the bond will be held until the end of the competition. If all conditions of the Competition Sanctioning Form have been complied with, the full amount will be returned to you. If your Competition Sanctioning Form is not approved, the bond will be returned to you.

- Sanctioning Fee. You will be required to pay to the BCPA a sanctioning fee as set out in the Competition Sanctioning Form. This fee must be paid to the BCPA 4 weeks before the contest date.
- Doping Fee. All entries, including any Special Olympian entries, are subject to an anti-doping fee. The amount is set out in the Competition Sanctioning Form. You will need to pay this amount to the BCPA no later than 3 weeks before the contest date. This fee is collected to go into the BCPA anti-doping account and put towards doping tests throughout the year.
- BCPA Equipment Transport Fee. You will be required to reimburse the BCPA for any costs it may incur as a result of your contest. These costs can include, but are not limited to, transportation of equipment, additional insurance and/or accommodation for officials. An invoice, if any, will be provided to you at the completion of your contest.

These are the main things you will need to know. The BCPA will answer any other questions you may have before you submit your Competition Sanctioning Form.

Good luck!

Timeline Checklist

*****Please note that these timeline requirements must be met in order for a competition to maintain its sanctioned status by the BCPA. Failure to adhere to these can result in the removal of sanctioning.*****

Minimum 6 months prior to the proposed competition date:

- A completed sanction form must be submitted to the BCPA Executive for approval.
<https://form.jotform.com/63086101805247>

Minimum 12 weeks prior to the proposed competition date:

- Entry form must be submitted to the BCPA Executive for approval.

Minimum 10 weeks prior to the proposed competition date:

- Final draft of any event artwork for approval, e.g. posters, T-shirt designs, programs and logos must be submitted to the BCPA Executive for approval. Poster details - poster must have the following logos: WADA, IPF, BCPA.

Minimum 6 weeks prior to the proposed competition date

- Officiating Chairperson must be contacted to coordinate a request for referees.
- Scorekeepers' Chair must be contacted to coordinate a request for scorekeepers and scorekeepers' assistants.

Minimum 4 weeks prior to the proposed competition date:

- Contest sanctioning fee of **\$10.00** per registered competitor must be paid to the BCPA treasurer.
- Anti-doping fee of **\$15.00** per registered competitor must be paid to the BCPA treasurer.
- Request certificate of insurance from the BCPA if needed

Minimum 3 weeks prior to the proposed competition date:

- Any draft Contest Program must be submitted for approval to the BCPA Executive.
- Arrangements must be made with the BCPA Executive for the delivery of the competition equipment.
- Send email to all registered athletes reminding them to have a valid BCPA membership and to have their CCES course completed or Certificate up to date. Include in the email the Athlete Weigh-In document to be completed before the day of the competition.
- Complete detailed lifters' roster and flight schedule must be submitted.

Minimum 2 weeks

- Arrangements must be made with the Scorekeepers' Chair to coordinate entry of lifter's information into the scorekeeping program.

Minimum 7 days prior to the proposed competition date.

- Confirmation with the BCPA Executive of equipment pick up and drop off times.

Maximum 1 day after the competition.

- Make arrangements with the Scorekeepers' Chair to submit the finalized competition results to the BCPA and CPU.

Maximum 5 days after the competition date (optional).

- Provide a "Letter from the Meet Director" to give a general overview of the experience of directing the competition and to thank the volunteers and lifters.

Venue Requirements

When choosing a competition location, several things need to be taken into consideration.

Ease of loading equipment, both in and out of the venue (avoid stairs and elevators). Safety of the volunteers, athletes and spectators must be taken into consideration during the loading and unloading of the equipment.

If possible, proximity to hotel or accommodation for lifters and spectators should be considered.

The venue must also have sufficient room to allow for spectators. Although crowd size is not always predictable, space for 80-100 people should be sufficient.

Adequate space is needed for the lifting platform, referees, jury (if needed) and score table. As well, sufficient room should be taken into account for monitors and screens to project the scoresheet and referee lights. The warm up area must be of sufficient size to accommodate at least two platforms for a local competition; however the BCPA recommends three platforms.

It is essential for the venue to have a strong and stable WiFi Internet connection to run the scorekeeping program. If WiFi is not available, a cellular hotspot can be used.

The venue should include four separate rooms/areas for the following meet functions:

1. Weigh-in Room – A room in which the weigh-in can be carried out. Include a table for the referees. This room must provide privacy for the athletes weighing in and should not be used for any other purpose throughout the course of weigh-ins.
2. Equipment Check Area – An area close to the weigh-in room. This area should have sufficient space for an equipment check table (minimum of two 8-foot tables), chairs for Referees and ample room for lifters to line up with their equipment.
3. Washrooms - There should be a minimum of 2 washrooms at the venue to be used by the athletes and spectators. If the venue does not provide enough washrooms, portable washrooms should be rented.
4. Doping Control Room – A separate secure, lockable room, complete with washroom facility is required.

Competition floor plan

Sample layout of a competition site stage and warm up area. Each platform will be 8 feet by 8 feet. Ensure that there is plenty of room for the athletes and referee to move freely and safely.

Note: This is just an example of a floor plan. Each venue will have to be adjusted accordingly.

Doping Control

The BCPA and CPU follow the Doping Control requirements of the Canadian Centre for Ethics in Sport (CCES), as an affiliate with the world-wide WADA/IOC programs. All testing is done by CCES personnel.

If doping control testing is to take place at your event, although it does not happen at every contest, there are a number of requirements that must be met. You will not be notified prior to your competition whether doping control testing will take place, so you must meet these requirements in order to be prepared for doping control to be present.

Complete links to documents explaining requirements for Doping Control can be found on the http://www.powerlifting.ca/drug_control.html.

Equipment

*****The Meet Director(s) or Club will be responsible for any damage to the BCPA equipment. If any equipment is damaged, the Meet Director(s) or Club will be issued a repair invoice for the damages plus a \$50.00 fee.*****

General Setup Equipment

The BCPA will supply all electronics, platforms and warm-up room equipment to run your competition. As an added convenience, the BCPA has equipment for rent to the meet directors such as table cloths, pipe and drape, high powered projectors and large screens. Renting this equipment from the BCPA will be less expensive and will be delivered to the venue. All proceeds received go to upgrading BCPA equipment.

For more details on BCPA equipment rental go to: <https://form.jotform.com/82916615841260>

You will need to supply the following items:

1. Mop or vacuum to clean up powder and chalk.
2. Ample chalk for both the warm-up area and the area leading to the contest platform
3. Two rolls of gaffers tape to tape down all cables and wires.
4. Head table and chairs for four people minimum: Announcer, BCPA Scorekeeper, Scorekeeper Assistant and Expeditor.
5. Table to display awards.
6. Table and chairs for jury, if needed.
7. Table for equipment check.
8. Tables to fill out attempt cards
9. Chairs in the staging area arranged out of view of the audience and to avoid congestion.
10. Adequate seating for the spectators.
11. Garbage cans for the warm up and spectators area.
12. 12 Sealed bottles of water will be required for drug testing..
13. Food and drinks for volunteers, placed in a designed volunteer area.

All power cords shall be taped down using low tack tape (Gaffers Tape) in all areas with walking traffic. If BCPA cords are to be used, only Gaffers Tape is to be used on them. ***The Meet Director will be responsible for replacing all BCPA cords or wires that have any remaining adhesive tape or residue.***

Creating an Entry Form

Prior to the opening of registration for your competition, your draft entry form will need to be sent to the BCPA for approval. The entry form will need to contain website links for the IPF rules, Approved Equipment List and to the CCES True Sport module.

Event Promotion and Sponsorship

Once your competition has been approved, all competition information will need to be sent to the BCPA webmaster to post on the BCPA and CPU websites. Also, CPU policies specify that notification and a copy of the contest entry form or link to online entry form must reach the CPU website administrator at least six weeks prior to the event first posting on the CPU website.

Any event artwork will need to be sent to the BCPA for approval, e.g. posters, T-shirt designs, programs and logos. Any event poster must include WADA and BCPA logos. The BCPA will also use your event logo and poster as its Facebook banner, if provided. The banner size will need to be at least 820 pixels wide and 360 pixels tall, with non-essential image and text elements inside a safe zone of 24 pixels from the top and bottom and 90 pixels from the left and right edges. The logo must also be provided as a square image 2048 pixels wide by 2048 pixels tall.

Let as many people as possible know about the competition. The more you promote, the more interest it creates for both registration and spectators. The BCPA can assist in the promotion by re-posting or sharing your posts on its social media.

It is at your discretion to obtain sponsorship for your event. Sponsors can help promote your event and assist with small costs, as well as donate prizes to be won. Reach out to local businesses with a tailored email or approach and come up with some ideas on how to create value for your athletes and volunteers. Be mindful that when receiving prizes or gift packs from supplement companies, that any supplement products given to athletes should be checked to ensure there are no banned substances.

Creating a Roster and Flight Schedule

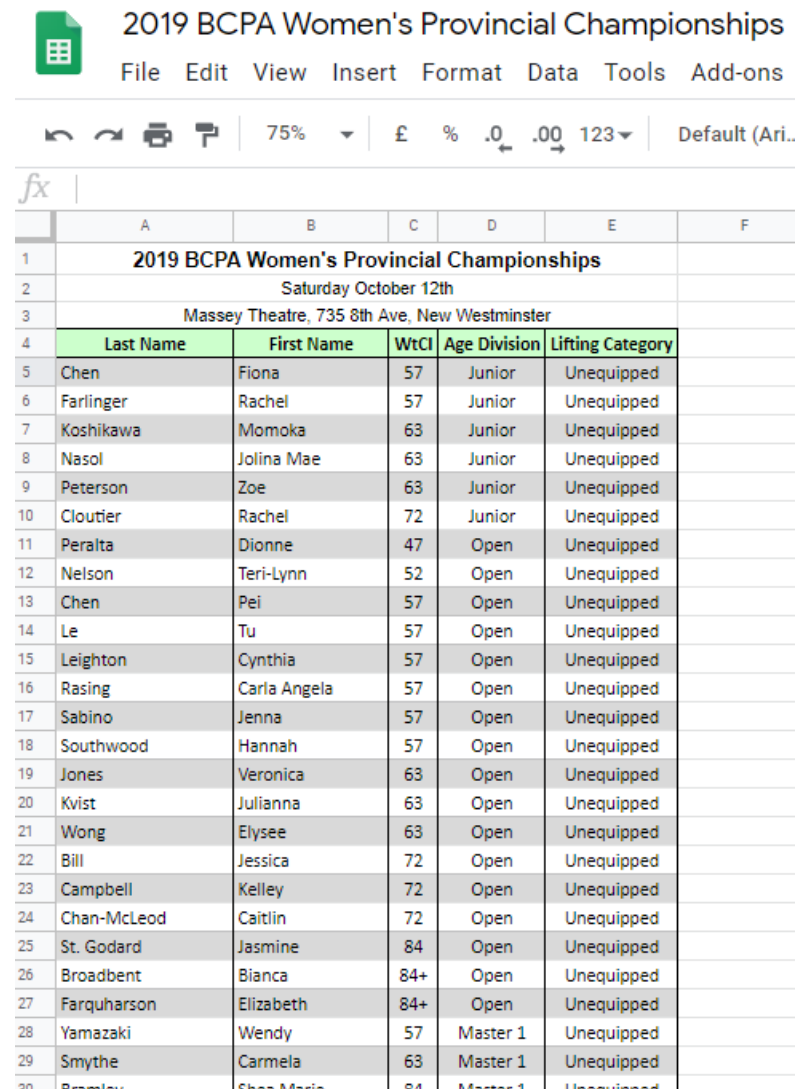

Roster

The lifters' roster is a complete list of all the athletes competing at your event and will include the name and location of your event.

For ease of reference, the athletes will be grouped into their respective gender and should be sorted and listed as follows:

- Age Class: Start with sub-juniors and ending with the masters.
- Weight class: Lowest to Highest.
- Athlete name: Listed alphabetically.
- Lifting category: Unequipped or Equipped.

We have found that creating a Google Sheet works best as edits can be made to the roster without having to post a new link each time.

The screenshot shows a Google Sheet interface for a document titled "2019 BCPA Women's Provincial Championships". The sheet contains a table with the following data:

	A	B	C	D	E	F

Flight Schedule

The flight schedule is what the athletes will rely on for when their respective weigh-in and lifting times are and as to what flight they will be slotted into.

When creating the flight schedule, there is no definitive way of sorting the athletes. It is ideal to have an equal number of lifters for each flight; however, each flight cannot exceed 14 lifters. In single lift Bench Press Championships groups of up to 20 may be formed. A session can be composed of a single bodyweight category or any combination of bodyweight categories at the discretion of the organizer for purposes of presentation. An effort must be made to group similar weight classes and age divisions into the same session. We also recommend not to exceed 2 flights per session.

If there are any questions on how to organize the flight schedule, the BCPA Executive should be contacted.

Volunteers

As the Meet Director, you are responsible for providing and scheduling all volunteers for the competition excluding referees and scorekeepers. Your volunteers are absolutely essential for your competition to run and special care should be taken to obtain the very best people to volunteer. When scheduling volunteers, request that they arrive **30 minute** prior to the start of their shift. It is required that adequate food and beverages are provided to all volunteers.

Remember, if the volunteers are not treated well they are less likely to help out in the future. Poor treatment of the volunteers may affect the Meet Director's chances of being able to host future events.

Referees and Scorekeepers

Referees and Scorekeepers and Scorekeepers' Assistants are provided by the BCPA. You will need to notify the Officiating and Scorekeepers' Chairperson to make arrangements to have them available for your competition. officiating@bc-powerlifting.com

First Aid Attendant

In accordance with the IPF Rules, a volunteer with First Aid training must be present at all sanctioned competitions. Check with your BCPA liaison to confirm that one will be present.

Required Volunteers

You will need to recruit volunteers for the following positions:

- Minimum of 5 for setup **and** teardown

PER SESSION

- 1 Announcer
- 1 Expeditor
- 1 Registration / Admission
- Platform Chief
- 3-5 Spotter / Loaders
- Warm-Up Room Marshall (*optional*)

Announcer:

Your Announcer acts as the Master of Ceremonies for your event. They should be comfortable with speaking publicly and if possible, have experience at announcing at past competitions. The Announcer announces the weight required for the next attempt and the name of the lifter. When the bar is loaded and the platform cleared, the Head Referee will indicate that fact to the Announcer, who in turn announces that "The Bar is Loaded", and calls the lifter by name to the platform.

Expeditor:

The Expeditor will be responsible for taking the attempts from all lifters. They will also ensure that all attempts will be submitted within the 1 minute time allowance.

Registration / Admission:

One volunteer can take on both of these roles. This person would be responsible for handing out t-shirts and gift bags (if any) to the athletes and collecting admission fees from the spectators.

At the start of the session, the volunteer would assist at the Equipment Check table by providing the athlete with his/her competition t-shirt (if one is provided) and/or the coach's wristband or badge. Once all of the athletes have checked in, that volunteer can take over at your admissions table. It is at your discretion as to whether or not you wish to charge admission for your event - it is not mandatory.

Platform Chief:

The Platform Chief must have spotting and loading experience. They will ensure that the weight called is the weight loaded onto the bar and the bar is properly centered and clean. A load chart will be provided to the Platform Chief.

Spotters / Loaders:

Responsible for loading and unloading the bar, adjusting squat rack heights and bench rack and safety heights, cleaning the bar and platform and ensuring that the platform is well maintained. You will need at least three strong and competent people, preferably with experience to keep your competition moving at a proper pace. There needs to be at least 3 and no more than 5 spotters / loaders on the platform at all times.

The loading/unloading of the bar should happen safely and as quickly as possible. In a competition of 30 people, or 270 lifts, **an extra 15 seconds on each one means over an hour longer** for the contest. These people must be constantly vigilant during actual attempts to avoid injury to the lifter, but also allow the lifter every attempt to complete their lift. At no time during the attempt shall a spotter touch the lifter with the exception of being told by the Head Referee or lifters themselves to "Take" or "Replace the Bar", or in the case of catastrophic failure. The spotters will then assist the lifter in returning the bar back to the rack.

Warm-Up Room Marshall (Optional):

Responsible for ensuring that only lifters and coaches are present in the staging area and warm-up room. They are also responsible for ensuring that all lifters and coaches are conducting themselves in a safe and sportsmanlike manner. They are also responsible for ensuring that all equipment loaned by the BCPA is not abused or damaged by the athletes and coaches in the warm-up room.

Time Keeper (Optional):

The Time Keeper is responsible for accurately recording the time lapses between the call to the bar and the commencement of the attempt. The Time Keeper is also responsible for all other time allowances (e.g. 30 seconds for the lifter to leave the platform). *When the DRL Referee Lighting system is used, a Timekeeper will not be required. The BCPA aims to use the DRL Referee Lighting system for all competitions, but in the event it is not available the meet director will be notified. A Time Keeper will need to be assigned in the event the DRL system fails during the competition.*

Applicable Forms

These forms play a vital role in a competition. All forms must be provided fully completed and legible.

The following is a list of the required forms:

1. Competition Sanctioning Form; <https://form.jotform.com/63086101805247>
2. Entry Form; (See page 11)
3. Score Cards / Lifter's Cards. These cards may be provided by the BCPA. Check with the Scorekeepers' Chair.
<http://bc-powerlifting.com/wp-content/uploads/2019/10/Lifters-scorecard.pdf>
4. Equipment Check Sheets. These sheets may be provided by the BCPA. Check with the Scorekeepers' Chair.
http://bc-powerlifting.com/wp-content/uploads/2016/11/equipment_check.pdf
5. Weigh-in Order/ Flight Sheets Lot Sheet. These sheets may be provided by the BCPA. Check with the Scorekeepers' Chair. If you will be preparing these Sheets, you will need to assign a Lot number for each lifter. This Lot number will be used throughout the competition. The Lot number for each lifter must be provided to the Scorekeepers' Chair so that those numbers can be inputted into the score program.
<http://bc-powerlifting.com/wp-content/uploads/2016/11/Weigh-In-Lot-Sheets.pdf>

Leave 3 empty spaces at the top of each Flight Order Sheet when filling out. Maximum number of lifters per flight is 14. Lot numbers for each flight are continuous, eg. Flight "A" Lot Numbers start at 1 but the first lifter will start with the number "4" and will end with "17"; Flight "B" Lot Numbers start at 18 but the first lifter will start with the number "21" and will end with 34, etc. Each lifter from each flight must have a randomly chosen lot number. To determine the lifter's lot number you can manually choose a random number by placing names in a hat and drawing the name accordingly or by using a Random Number Generator App. Note: If there are any questions regarding lot numbers, please contact the BCPA Scorekeepers' Chair.
6. Manual Score Sheets.

Day of the Competition

On the day of the competition, it is necessary that you as the meet director be available at all times. As the meet director, it will be your responsibility to:

- be on hand for the Referees and the scorekeeping table;
- ensure that the platform is working safely and efficiently;
- ensure that the warm-up room is safe and that only coaches and athletes are in the warm up room and finally;
- ensure that volunteers are happy and fed.

A Lifters' Meeting needs to be held before the start of each session at the competition. If you are unable to hold this meeting, you will need to advise the BCPA Executive, so that a qualified person can be assigned to carry out this task. The purpose of this meeting is to:

- introduce the Meet Director(s);
- ensure lifters have weighed in, and submitted their lifting attempts and rack heights;
- explain the order and flow of competition;
- explain proper lifter etiquette; and
- doping control rules.

Results

Following the conclusion of each session in a competition, the Results will be provided by the Scorekeeper for the purpose of award's presentations. It is advised that you be available to hand out the awards to the lifters as they are presented.

At the end of the competition, you will need to make arrangements with the Scorekeepers' Chair to submit the finalized competition results to the BCPA and CPU.

Competition results must be in a Microsoft Excel file and formatted as shown in the example below.
